MORE ABOUT OUR SKATING SCHOOL...

Skating requires consistent practice!

Students and parents are reminded that skating is a skill that requires practice in order to advance to the next level.

Students should plan to practice in addition to their weekly lesson. We also offer several *Let's Skate* Public Sessions throughout the week at a reasonable price. In addition, students may choose to augment their lesson with a freestyle session. There are several half hour weekday freestyle sessions for students Gamma and below who are working with a private instructor. For our more advanced skaters, freestyle ice is available six days a week. Please see our Freestyle Supervisor, front counter staff or website for a schedule of available times.

As a guide, students should practice weekly in addition to their lesson on the following scale:

Tots, Beginners, Pre-Alpha	1 to 1-1/2 hours
Alpha/Beta/Gamma/Delta	1-1/2 to 2 hours
Freestyle 1-4	2 to 3-1/2 hours
Freestyle 5 and above	3-1/2 to 6 hours

FALL TESTING PROCEDURE

Panel testing will be conducted on November 11 for students in the Alpha 2-Freestyle levels. Skaters will be recommended to test by their group lesson instructor based on their progress in the class. All students not recommended for testing will receive a Progress Report. Panel testing will ensure consistency of the passing standard throughout the entire Skating School.

When a skater is recommended, they will attend the test session on **Wednesday, November 11** with a panel of coaches that will evaluate their skills to determine if they are ready to move to the next level.

Due to testing, there will be no Freestyle ice that day 4:30-6 p.m.

PRIVATE LESSONS

We offer private lessons for skaters at any level. Our professional coaches can help your skater achieve their goals. Would you like more information? Pick up a Private Lesson flyer at the ice arena or download one from our website fpice.com.
